

License Information KIX Field Agent App

Stand: Chemnitz, 01. April 2023

The KIX Field Agent App is developed using the open-source UI software development toolkit flutter. Below one can find the License information for the whole toolkit as well as for the plugins used for KIX Field Agent App.

License Information flutter

flutter/flutter is licensed under the BSD 3-Clause "New" or "Revised" License „This software is provided by the copyright holders and contributors „as is“ and any express or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose are disclaimed. In no event shall the copyright owner or contributors be liable for any direct, indirect, incidental, special, exemplary, or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of this software, even if advised of the possibility of such damage“.
